CHURCHPLUS ADMINISTRATION MANAGEMENT SOFTWARE

ChurchPlus is One software to automate your entire church management from increasing church attendance, first-time guest retention, and church remittance to overall church administration.

The software is charged based on membership size and runs on a subscription model meant to be paid annually, and also you can purchase an SMS Unit which is pay-as-you-go. It is secured and easy to use.

CHURCH MOBILE APP

ChurchPlusMembership Mobile App has 2 major types.
1. Customise Mobile app that is fully owned by the church, also available on both Android and IOS platforms & strictly carries the church brand identity.

2. Generic Mobile App is free and available for premium subscribers i.e. (Basic Plan and above). Churches can customize the app but there is a limit to the customization.

CHURCH WEBSITE

The website gives visibility to the church and also strengthens its online presence. ChurchPlus has 3 Major Plans

1. Basic Plan
2.. Standard Plan
3. Premium Plan

Each plan comes with a free ChurchPlus software subscription for 1 YEAR when a church purchases any of the website plans listed above.
